About Us

At PIH Health, we are dedicated to providing high-quality healthcare with a personalized approach. Our pediatricians are here for your family through every milestone – from the first well-baby visit to the last physical.

Our board-certified pediatricians take a comprehensive approach to patient care. While they are highly trained to treat the most acute medical problems, they are also concerned with your child's overall wellness. This means taking the time to educate families about nutrition, safety, and development and learning. We are committed to helping your family maintain good health and avoid illness.

Services

PIH Health Pediatrics offers a wide range of healthcare to infants, children and adolescents up to age 21, including:

- Acute and chronic illness treatment
- Adolescent care
- Asthma education and prevention
- Family counseling for behavioral and social issues
- Immunizations, including flu vaccines
- Newborn and infant care
- Physical exams for school, sports and camp
  - Beat the fall rush, book your child's physical during the summer months
- Hearing and vision screenings
- Lab work
- Well-baby and well-child visits

We accept most HMO, PPO, POS and other health insurance plans. Please check with the physician’s office if you have a question about a specific health insurance plan. We also welcome self-pay patients.
