

# PIH Health Good Samaritan Hospital Temporary Visiting Hours

MARCH 23, 2021

**EVERYONE WILL BE SCREENED (NOT TESTED) FOR COVID-19 AND REQUIRED TO WEAR SIMPLE MASK UPON ENTERING THE HOSPITAL. MASK WILL BE DISCARDED UPON EXIT. ALL VISITORS MUST BE ASYMPTOMATIC FOR COVID-19 AND NOT BE A SUSPECT OR RECENTLY CONFIRMED CASE.**

## General Hospital Visiting

- General visiting hours are currently restricted due to the need for social distancing to prevent the spread of COVID-19
- Two visitors per day per patient. 8 am to 12 noon
- Visitors must remain in patient room throughout the visit
- No visitors allowed for COVID-19 isolation patients (those pending test results and those testing positive) in any areas of the hospital, unless patient has special circumstances

## Cardiac Critical Care Unit 3rd floor

- Two visitors per day per patient between 8 am to 12 noon unless patient is critical and/or end of life

## Labor & Delivery/Postpartum Units

- Two support people may be present during the delivery and post-partum; one support person allowed overnight

## Neonatal Intensive Care Unit (NICU)

- Two visitors at a time allowed 24/7

## Emergency Department (ED)

- One visitor allowed at the discretion of the lead nurse and physician unless patient is critical and/or end of life

## Acute Rehabilitation Unit (ARU)

- Two visitors per day per patient. 8 am to 12 noon
- Visitor must remain in patient room throughout the visit

## Procedure and Surgical Visitors

- Two visitors per day per patient

## End of life

- Exceptions will be granted on all units for a designated support person to visit patients who are approaching end of life. All support persons must stay in the room and be asymptomatic for COVID-19 and not be a suspected or recently confirmed case. Support persons will be screened prior to entering the clinical areas. Support persons must comply with any health facility instructions on personal protective equipment. Additionally, nursing will encourage patients and families to have frequent video and phone call visits
- All visitors must stay in the room and be asymptomatic for COVID-19 and not be a suspect or recently confirmed case. Visitors must comply with health facility instructions on personal protective equipment and perform frequent hand washing.
